### CASHTON VICTORS OVER CLOTHIERS BELL IS HURLER

Visitors Nick Weigel for Many Counts While Merritt Is Stingy with Bingles

Merritt Bell, La Crosse native, but now pride of Cashton, was a little too much for the Clothiers yesterday at the inter-state fair. He held them to three hits, two of which were garnered by Fuchs, and two runs. Cashton won in the middle innings on a bevy of hits and errors. After the third and fourth frames the Clothiers were unable to touch Merritt for results.

Bell was in good form. Attest: Thirteen strike outs. Weigel whiffed seven, but his delivery was nicked regularly for one and two runs.

### HONORS ON COURTS HINGES ON TOURNAY HERE TOMORROW

Winona Men Come Here with One Tournament Credited to Each Team

Supremacy on the courts, for the time being, at least, will be determined tomorrow when Winona men enter La Crosse for the third inter-city tournament with the La Crosse Tennis club with the Minnesotans. Honors stand even, each team having won one tourney. Winona was defeated here six matches to three and La Crosse lost at Winona four matches to five.

Stock in the local men has dropped slightly with the loss of Perry Sletteland, star singles man. It also breaks up the doubles team of Sletteland and Birkelo, a team which has not lost a match in the many inter-city tournaments of the local club. Jones of Prairie du Chien, who is attending the normal school, has been added to the team and is expected to make a good showing.

The tournament will be played on the clay courts of the La Crosse Country club, weather conditions permitting. Otherwise they will probably be played on the asphalt courts at the normal school. The visitors will be guests at dinner at the club.

### FAMILY SUNDAY PLAN IS AGAIN TO BE ADOPTED

North Presbyterian Pastor Sets Next Sunday's Date for Observation

WILL CALL FOR OLDER OLKS

Automobiles Will Be Used to Insure That Every Family Is Represented at Services

Success of the Church family Sunday, which he instituted last fall, and which brought marked increase in attendance, caused Rev. Finch A. Clarke, pastor of the North Presbyterian church, to announce this morning a repetition of the day this year. The date for the second annual Family Sunday has been set for next Sunday, October 6.

Dr. W. O. Carrier, president of Carroll college at Waukesha will deliver the main address of the evening program. Dr. Carrier will fill the pulpit of the First Presbyterian church Sunday in the stead of the Rev. D. C. Jones, who will be absent from the city. He is slated to preach the evening sermon at the south side church, and then make a flying trip to the north side time to deliver the main address of the evening.

The plan this year is identical with that pursued last November, with the exception of minor changes in the plan of the evening service. The pastor expects that at least one member of every family associated with the church will attend one or both services, and that the members of the Sunday school, the Junior and Young People's societies, the Ladies' Aid society, the Woman's Missionary society, the Young Men's club, and the various other clubs of the church, and all the offices will attend the morning service, and if possible the evening service.

To Call For Elderly Folk

In the hope that a large number of the elderly members of the congregation will be present at the services, Rev. Clarke has again made arrangements to have automobiles

## THIS MAN SAYS HE RECOVERED FROM HASTY CONSUMPTION

JOHN A. THIRTYSACRE.

John A. Thirtysacre, 312 Thomas Ave., Columbus, O., makes a statement that Nature's Creation cured him of hasty consumption. He adds that "I feel it my duty to tell what the medicine did for me. No matter how bad your case may be and no matter what people say, don't give up. Try Nature's Creation."

Read Mr. Thirtysacre's statement about his recovery:

"In April, 1910, I swallowed a large tack and it lodged in my lung, and in trying to cough it up the lung was torn. This affected the lung and developed into a case of hasty consumption. Four doctors treated me, but my condition became worse until I was flat on my back. On September 10th, 1910, I began taking Nature's Creation. I was having night sweats continually, pains in my chest and both lungs very sore, and was told by several physicians that I had tuberculosis and could not live over thirty days."

"After taking most of the first bottle of Nature's Creation, a wonderful improvement was noticeable and I continued to improve until I was entirely cured. When I began taking the medicine I weighed only 107 pounds. I now weigh 150 pounds and have never had a return of the old trouble."

In our booklet, "Truth," you will find stories from other local people of remarkable recoveries from tuberculosis and the conditions leading to it, such as asthma, bronchitis, catarrh, impure blood and run-down system.

Address Elmer Haenlein, 300 Madison Bldg., Milwaukee, Wis. Nature's Creation is not a patent medicine. It is not sold in drug stores. It is sold by mail order only. Demand the genuine Nature's Creation.

## BOOM IN STOCKS NATURAL RESULT OF WAVE OF OPTIMISM

NEW YORK, Oct. 1.—The present booming stock market is the natural result of a wave of optimistic sentiment which is sweeping over the United States, according to William C. Van Antwerp, one of the governors of the New York Stock exchange.

"This is indicated," Van Antwerp said today, "by the fact that the buying is coming from all over the country."

"The increased stock prices are the result of the buying of a confident people. Advances like we have seen in the last few days only come from confident buying. Many things have happened and are happening to encourage buying of securities."

"The success of the allied loan is a big factor in the situation, as it indicates sentiment is favorable to continued prosperity in America."

"The great crops and the increased earnings of railroads have created confidence among the big interests of the country."

"The big gold reserve is another omen of good times."

"All these things have renewed faith in America's business future. No greater testimonial of this can be had than the fact that the buying is coming from all over the country—and particularly the west is a heavy customer."

"And, finally," concluded Van Antwerp, "all people are most credulous when they are most happy."

## CLASHES OCCUR IN CHICAGO STRIKE

CHICAGO, Oct. 1.—Several clashes marked today's activities in the men's garment workers' strike. Police were called on to disperse crowds that had planned to walk from various factories in outlying business sections to the Loop. At one point nearly 1,000 striking workers were entering the Loop when police reserves had to charge the mob before the men dispersed.

asylum; Sparta state school, and the Tomah Indian school.

The exhibits will be open to the public, both at the library and at the Congregational church from 9:30 a. m. until 12:30 and from 2 o'clock until 5 o'clock in the afternoon, on Wednesday and Thursday, and also Friday morning.

The Twentieth Century club, and the La Crosse Woman's club will give a formal dinner at the home of Mrs. William Doerflinger at 7 o'clock in the evening.

The address of welcome at the opening session of the convention on Wednesday morning to be held at the Congregational church will be made by Mrs. W. R. Finch, president of the Twentieth Century club.

Mrs. J. A. Asplund, Madison, first vice president, will respond.

Mrs. D. O. Kinsman, Madison, president of the federation, will deliver the principal address of the session.

Other sessions will include prominent women in this and other states. Mrs. Rossett Lines, Milwaukee club woman, will speak on "Industrial Conditions" at the afternoon session the first day. Mrs. Katherine Van Wyck will make a report on the last convention of charities and corrections.

Principal among the speakers at the afternoon meeting will be Miss Zona Gale, Portage, famous social center protagonist, writer and speaker. Mrs. John D. Sherman, of Chicago, chairman of the conservation committee of the general federation of women's clubs, will also speak.

Mrs. Finch today announced that all sessions of the convention are open to the public with the exception of that of Tuesday evening, when Mrs. Percy V. Pennybacker, of Texas, president of the General Federation of Women's Clubs, will speak on "The Spirit of Federation." Admission will be granted by ticket, which will be given out by the club women. This meeting will be held at the La Crosse Theater.

Miss Ellen Sabin, president of the Milwaukee-Downer college at Milwaukee, will make the principal address at the Thursday morning session of the convention, to be held at the Congregational church.

**Talk on Red Cross**  
J. J. O'Connor, Chicago, will speak at Thursday's meeting, also to be held at the Congregational church, on "The Work of the American Red Cross."

An automobile ride through the principal parts of the city will be tendered the club women Thursday afternoon between the hours of 5 and 6 o'clock.

Professor J. L. Gillin, Madison, will address the Friday morning session of the convention on "Women's Clubs and Rural Problems." The last committee reports of the convention will be made also.

E. Schaefer, of the La Crosse Floral company, will have charge of all floral decorations during the convention.

### FAMOUS PICTURE WILL BE SHOWN AT PARK STORE

"Old Darby" recognized as the second greatest work of Rose Bonheur, the greatest of animal painters, will be on exhibit at the Doerflinger store next week, beginning Wednesday. The picture will remain on exhibition for an indefinite period. "Old Darby" is valued at \$65,000, an offer of the late J. P. Morgan to purchase it for \$60,000 having been refused.

## REGET'S ILLNESS MAY UPSET ALL FOOTBALL PLANS

Captain and Quarterback of the High School Eleven Disabled by Incident Poisoning

The disability of Capt. Walter Reget, quarterback of the high school team, by incident blood poisoning, confronts the organization with a serious predicament.

Most of the important plays are built around Reget, and the permanently disabled practical reconstruction of the team's offensive would be necessary, a difficult task if not impossible at this date.

The physicians who have Reget in hand hope to check the disease and have him back in the game shortly, but the development of the trouble tonight is the final test. If the glands the poisoning are unable to absorb the poison during the next twenty-four hours the young captain may be permanently out of the game.

## COMEDIAN DU LEADS BIG BILL AT THE MAESTIC

Friend and Down: Entertain Fair Vitors with Unusual Act

Friend and Downings of the most unusual comedians that have appeared at the Maestic this season, entertained two houses packed with fair visitors and local devotees last night with a dialogue whose dry humor and delivery is hard to beat. They recalled repeatedly to add their verse to a string of parody familiar songs with which they teased their act.

Orville Stam, boy blues, was another wonder on the stage. Besides an exhibition of posturing displayed a most fluent and wonderfully developed set of muscles he performed such unusual as lifting a horse with one hand and supporting a man and a girl while he sang a song in an unexpectedly pleasing baritone. Stam's seven-year-old son, who was with him, was another wonder on the stage. He was a remarkable sketcher truly characterized as a devil classic. In the role of a negro servant he carried off with a tender climax which great effect on the audience. Sketch is entitled "Mars Shelly Chicken Dinner."

Gus Reed, a nice plump, and Miss Nell Wood, a charming young woman of great ability as a time operator on the piano, appeared in a delightful singing and talking number which was well received. Corriann and Vivien, our stars, won applause for an exhibition of remarkable marksmanship. Miss Blanche Colwin, a singing comedienne, sang three songs and threw in a little character dancing for good measure. Her enthusiastic demands for an encore.

## TWELVE THOUSAND VISIT THE FAIR CLOSE TO RECORD

(Continued from Page One.)

16 hogs. Show horse entries numbered 81. One hundred and sixty sheep were entered.  
Treasure, a four-year-old, owned by former Assemblyman Clark L. Hood, and driven by William Millard, well-known La Crosse horseman, brought a series of deafening cheers from the packed grandstand on the Interstate fair grounds yesterday afternoon when he won the 2:20 trot in three straight heats. His best time was 2:21¾. He was the only horse of the day to win three times consecutively.

The colt's mark is "nineteen," and this was made on a fast track. Yesterday he proved himself a mud horse. The track was heavy and he all but duplicated the records of Alice McGregor, Attorney Hood's former mare which now holds the local track record.

**Stands Are Filled**  
With the stroke of 2 o'clock, starting Judge M. G. Bellis, Wausau, let six starters go in the event taken by the La Crosse horse. Simultaneously a hush fell over the

grandstand, already packed with fair visitors who were cheated of their favorite sport on the first two days of the fair. Society filled the

**Sixty-five Babies at Camp**  
The busiest concession on the fair grounds yesterday was the city health department's infant welfare camp, where babies are tended for mothers who wish to "do" the fair unencumbered. Miss Marie Peterson, visiting nurse in charge, and her two assistants, were busy from morning until close to six o'clock taking care of 65 babies left in their care. The camp started out with a rush of business again this morning.

boxes. Sunshine which came in fits and jerks gave courage to the ladies and much fiery of the late fall variety was seen.

The three "Patch" horses, sons and daughters of Dan Patch, the world's fastest pacer, which were

expected to carry away the honors of the afternoon were sorely outclassed.

Aside from the winning of High Treasure, the exhibition mile by George Gano, W. M. Savage's champion saddle pacer, was the feature of the racing exhibition. With Murray Anderson riding, and paced by E. J. Hanson, George Gano went the mile on the heavy track in 2:19¾.

Mischief, driven by A. F. Pigot, Winnipeg, Can., won the 2:09 pace. His best heat was made in 2:19 flat. The fifth heat of the "fifteen" race, started as the judge's watch neared the hour of sunset, failed to settle the race and the event was carried on today's program. Only heat winners were scheduled to trot.

Allie K, driven by W. W. Noll, took two of the heats. The other heats were won by individual horses.

**"Twenty Trot"**  
Direct Patch, son of Dan, and driven by John Blackman of Miles City, Mont., took the first two heats of the 2:20 trotting event. High Treasure, driven by W. N. Millard, drew last in the toss-up for position. Only five horses were scored abreast and the local pony was forced back to the second tier. He is practically "green" in the racing business, and had never trotted behind a fast horse's heels.

His veteran driver let him take it easy. He broke at the finish of the first heat, and did not finish well in the second, also won by the Patch horse. The last three heats were his all the way. Millard did not use his whip nor push the little horse. After the half mile was reached in the last two heats of the race, all the grandstand did was cheer and "pull" for the plucky trotter.

The last and deciding heat was tame. High Treasure led all the way. The Patch horse was the favorite until the last heat, however, as his record is far above that of Millard's animal.

High Treasure was acquired by Attorney Hood in a trade for Alice McGregor, who two years ago ran one of the most sensational races ever seen on the local track. At that time she lowered the Interstate fair track record.

**Mischief Wins 2:09**  
Franklin Pierce, owned and driven by W. S. Pike of Des Moines, probably the biggest favorite in the 2:09 pacing event, fell down, failing to take a single heat. Mischief won the first, third and fourth heats. Holly Brand, driven by James H. Niles took the second heat. Mischief made the first heat in 2:20. His next heat was in 2:21, and his deciding heat was run in 2:19.

The horses got away to a good start with Franklin Pierce taking the pole in the first heat. He did a good deal of leading in the other heats, but failed to sprint in the last eight. Liberty Patch failed to place in any of the heats.

**All Win Heats**  
Belle and Diamonds became the favorite in the 2:20 trotting event.

orte in the 2:15 trotting event by taking the first heat in 2:22.

Several "bad actors" in the field caused nearly a score of false starts in scoring, and John Blackman, driving Hokola, was fined \$10 by the starting judge for repeatedly scoring ahead of the pole horse.

Wilford G., driven by E. E. Wallace captured the second heat of the "fifteen" in 2:21¼. Black Boreal, driven by W. Zimmerman of Red Wing, Minn., won the third heat in 2:22 flat. The last two heats were taken by Allie K.

Allie K, Black Boreal, Wilford G. and Belle of Diamonds were to battle for the purse today. The deciding heat of the 2:15 was to be run at 1 o'clock, before the first scheduled racing event of the afternoon is put on.

The state fair, horse racing, Irish tenors, "vauds" and what-nots have a lot backed the movies off the board—but "what's sauce for the goose" is sauce for the gander—and the celluloid theaters have had packed houses all week.

Some good picture have been in town a week, and some better ones are looked for the coming seven days.

"Mr. Majestic Movie" is again with a having joined the come-backs show six days out of the seven, it will "vaud" the other day.

And, winning Monday, and last night, the Majestic will show Theda Pa. Jean Southern and William Sh. in "The Two Orphans," a William Fox picture. It is said, and we have word of a press agent who can't fib, that a real banquet, cost \$15 a plate was served by a French chef for the actors in one of the picture's startling scenes make the pictures realistic.

Here's headliner for the Majestic on Wednesday and Thursday.

Clara Kimball Young and Wilton Lackaye two personages of the screen whose names are as familiar to the La Crosse is to electricity, will play "Svenhult's Trilby."

"The Human Side of the War," will be shown in pictures at the Majestic Friday and Saturday. No, the water is not offering the German side of the war, but this is the title of a program of films taken by special permission of the Kaiser by a Chicago Tribune photographer. The pictures caused record breaking attendances wherever shown. They are excellent from every standpoint.

ROCKEFELLER MAY  
FORM OWN UNION

DENVER, Oct. 1.—John D. Rockefeller Jr.'s conference with the office of the Colorado Fuel and Iron company has produced an answer to demands of the United Mine workers for recognition.

This has been known today when Cass. Herston, the Rockefeller's counsel, is quoted as saying: "Rockefeller will organize his own union."

Herrman was absolutely non-committal afterward but was believed to mean that instead of recognizing the union affiliated with the American Federation of Labor, the Rockefeller interests intended to organize their own employees and then deal with them by contract in some form of effective bargaining.

It can be said on the highest authority that the Rockefeller will not recognize organized labor movement of America but will deal with their own employees direct. Young Rockefeller probably will announce plans for union before he leaves Colorado next week.

NO "BO-BOOMS" FOR WILSON

WASHINGTON, Oct. 1.—The Marine (d—Uncle Sam's crack musical organization) began its vacation by and the folks who live down at Marine barracks will do without music of revelle for breakfast a few weeks. The band, which was formerly led by John Philip Sousa, the "march king," was expected to take a vacation ten days ago, but the Grand Army encampment had a postponement of the date.

SALTS FINE FOR  
CHING KIDNEYSWe eat too much meat  
which clogs Kidneys, then  
the Back hurts.

Most folks forget that the kidneys, the bowels, get sluggish and need a flushing occasionally, else we have backache and dull aches in the kidney region, severe headaches, rheumatic twinges, torpidity, acid stomach, sleeplessness—all sorts of bladder disorders.

You must keep your kidneys clean and the moment you feel an ache or pain in the kidney region, get about four ounces of E. C. Salts from any good drug store, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will thank you. These famous salts are made from the acid of grapes and lemon juice, combined with lithia, and are harmless to flush clogged kidneys, stimulate them to normal activity, it also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders. E. C. Salts is harmless, inexpensive, makes a delightful effervescent water drink which everybody should take now and then to keep the kidneys clean, thus avoiding complications.

The all-known local druggist says he has lots of E. C. Salts to folks who are in overcoming kidney trouble while it is only trouble.

## SPOTLIGHTS

"The Trail of the Lonesome Pine" that remarkable dramatization of John Fox, Jr.'s book of that same name, by Eugene Walter, is one of the most remarkable presentations of the season.

The mountains and valleys, with the winding river, the hills, and

trees, the cabins and caves have been reproduced with remarkable fidelity in the magnificent production given the play. In long runs in Boston, Philadelphia and Chicago the play enjoyed the biggest business of late years.

It is seldom that a play has been given as elaborate a scenic setting and electrical equipment as this play has. In the production the mountain characters, which were follow-

ed by so many readers of the book, will be seen visualized—Uncle Billy Bean, the justice of the peace, who runs the mill and who leads his horse on which is seated his wife, Ole Hun, smoking a pipe, Devil Judd Tolliver, June's father, the feudalist, and Dave, his nephew, and there is Loretta, Dave's sister. The tongue is that of the mountaineers, in fact, each one of the players is like his original in the book. The play comes to the La Crosse Theatre tonight and Saturday with a Saturday matinee.

That strikingly original and ex-cruciatingly funny comedian, Arthur Clamage, is coming to the La Crosse theatre Sunday, matinee and night, October 3, with his latest musical comedy success, "The Girl from the Follies." Mr. Clamage's policy has always been to give the public the biggest, best and most successful musical comedies at what he humorously terms "Painless Prices." The general comment in all cities visited by "The Girl from the Follies" is, "How can they give so much for so little money?"

Gorgeous wardrobe, magnificent scenery, startling effects, catchy music, spontaneous laughter and pretty girls galore abound in "The Girl from the Follies," and a large cast of musical comedy stars will be seen in support of Mr. Clamage.

The U. S. MARINE BAND is the only organization of high musical standing in the United States which can afford to give programs of such variety and catholicity of taste as to embrace every kind of musical composition from the classic strains of a Beethoven overture to the ragtime revels of Irving Berlin.

At its concert in this city on Wednesday, October 6, matinee and night, at La Crosse theatre, the band, under the direction of its distinguished leader, Lieutenant William H. Santelmann, will give a program which will appeal to every class of music lover. This is one of the features which has made the Marine band the most popular musical organization in America, for while it, of course, prefers to emphasize the compositions of the masters, the band is essentially an American institution, and its mission is to please the whole public, and not any select circle.

Frequently, therefore, the compositions of such popular song writers as George M. Cohan; the ragtime of Harry von Tilzer; the lilting strains of a Strauss waltz, and the heroic measures of a Wagnerian overture will be included in a single evening's concert.

PROVIDENCE, Mass., Oct. 1.—Representatives of the navy department are gratified by a satisfactory test of the new giant submarine M-1, which has just been built by the Fore River Ship Building Co., at Quincy. The M-1 is said to be larger than the famous German U boats.ELKHART LAKE WOMAN  
FINDS SWIFT RELIEF  
Mrs. Brieske Gets Wonderful Results From Remedy

Mrs. W. C. Brieske of Elkhart Lake, Wis., after long suffering from derangements of the stomach and digestive tract, tried a dose of Mayr's Wonderful Remedy. The results she had long hoped for came quickly—in the first dose.

In a letter she told of her experience: "Am writing to let you know that your medicine has done me a lot of good. I have two more bottles to take. I have passed between five and six hundred accretions varying in size from a pea to a large hickory nut. I feel a whole lot better now. I am going to have my mother try your wonderful remedy."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

Even water have been known to take too much.

### Foreign Markets

New York Stocks

NEW YORK, Oct. 1.—United States Steel common stock sold at 81½, the highest price since 1907 on the Stock exchange shortly before noon today. Bull traders centered their attention on the stock, sending it up 2½ from yesterday's closing price. One-fourth of all the trading on the floor was in Steel common.

Sales during the first two hours were 766,000 shares, far ahead of the records set earlier in the week. Steel sales recorded reached a total of 180,000 shares.

Washington was bid up to 129½, four points from the day's low. Sales in this issue alone amounted to \$2,000 shares.

Trading slackened but slightly during the lunch hour, total sales for three hours reaching \$70,000. Steel was steady under heavy realizing, selling at 81½, at 1:10.

Colorado Fuel sold up 6½. Westinghouse advanced to 130¼, up 4½ and American Coal Products was up 6½ at 59¼.

United States Steel sold at 81½ shortly before 2 o'clock. Two hundred and fifty thousand shares of Steel common changed hands in the mob of excited traders around the Steel post.

Steel closed at 81. Total sales for the day 1,496,815 shares. The market was generally lower during the last ten minutes of trading but strong support prevented anything like a big break. The closing was irregular though extremely active.

## CHURCH CAMPAIGN ON AT UNIVERSITY

MADISON, Wis., Oct. 1.—(Special.)—A general campaign has been started at the University of Wisconsin to encourage church attendance

upon the part of students and faculty. This movement is wholly non-denominational in character and every student is urged to attend the church with which he has been previously affiliated. A faculty committee consisting of E. H. Gardner of the department of English, R. S. Butler of the college of commerce, and A. W. Hopkins of the college of agriculture is directing the campaign. Pastors and priests of very many of the local churches are already co-operating in the movement. Bill boards and newspaper space are being effectively employed in this advertising project. It is believed the largest attendance ever was secured last week.

## WISCONSIN SELLS FIFTH OF SPUDS SOLD IN STATES

State Annually Markets 25 Million Bushels of Potatoes Mostly in the Middle West

MADISON, Wis., Oct. 1.—(Special.)—That Wisconsin is annually marketing in the neighborhood of 25,000,000 bushels of potatoes, or 20 per cent of the entire output entering interstate trade, is the information given out in a bulletin issued by the university college of agriculture today. While this output is sent to nearly every state in the union, the majority part of it is consumed in the middle west and Mississippi valley.

Another point brought out by the bulletin is that the warehouses in the state have capacity to accommodate but one-third of the yearly crop. Most of the storing is done by the farmers themselves, it being more economical for the farmers to store at home and haul to the shipping point at their convenience. Chicago is the greatest potato market, according to the bulletin, and insists upon the potatoes being shipped in bulk so that they can be graded there before sacking for the city trade.

Machinery is gradually being introduced for the grading and handling of potatoes which greatly aids in the work of taking care of the crop. **SOLDIERS LEARN TO BE COOKS** LONDON, (By mail).—Over 200 domestic economy instructors under the auspices of the London county council are today enrolled for the task of teaching 3,000 British soldiers the art of cooking. Bread baking, the concoction of Irish stews and the correct way to boil potatoes are the chief features of the campaign to make army cooking better. Scores of cooking schools for the soldiers have been established in many parts of London.

## BRITAIN OPPOSED TO RELIEVING COTTON INTERESTS

LONDON, Oct. 1.—The British government has not found it necessary to take measures to relieve American cotton interests since Great Britain declared cotton contraband, Sir Robert Cecil, under-secretary of foreign affairs, declared in the house of commons this afternoon.

The under-secretary was asked if Great Britain had arranged to buy American cotton to maintain prices. He replied that the government did contemplate relief measures in the event of an abnormal depression of the American market, but that nothing had been done as no abnormal depression had occurred.

## BAD COLD? TAKE "CASCARETS" FOR BOWELS TONIGHT

They're fine! Liven your liver and bowels and clear your head.

No headache, sour stomach, bad cold or constipation by morning.

Get a 10-cent box. Colds—whether in the head or any part of the body—are quickly overcome by urging the liver to action and keeping the bowels free of poison. Take Cascarets tonight and you will wake up with a clear head and your cold will be gone. Cascarets regulate the stomach, cleanse the sour, undigested food, and remove the excess bile from the liver and carry off the constipated waste matter and poison from the bowels.

Remember the quickest way to get rid of colds is one or two Cascarets at night to cleanse the system. Get a 10-cent box at any drug store. Don't forget the children. They relish this Candy Cathartic and it is often all that is needed to drive a cold from their little systems.

Do you sometimes require the services of a physician? Do you think that in matters of health—of life and death—you can afford to have less than the very best class of service?

Do you believe that the physician who exploits your case beyond his personal ability to serve you is certain to give you safe guidance? Do you wish to be on guard against such exploitation, against possibly inferior service and against excessive fees?

If you do, will you pay you to read two articles from the pen of Dr. W. A. Evans, formerly head of the Chicago health department and known the world over as expert authority. One of the articles follows, the other will appear in an early number of the TRIBUNE:

WHAT IS FEE SPLITTING (By Dr. W. A. Evans, with Permission of The Chicago Tribune.)

"This company retains as counsel attorneys causing trusts to be committed to its care."

"This institution offers and invites co-operation with lawyers by retaining their services in connection with all matters of trust they commit to its care."

The above advertisements for years have appeared regularly in the advertising section of the Chicago Lawyers' Directory. The concerns advertising have their own lawyers, men especially trained in the work of caring for estates. The lawyer bringing the business to them and not receiving a commission will not do any work except it be such work as is ordinarily delegated to clerks and minor assistants. In a word, this is fee splitting.

If a piece of real estate is sold, the probability is that two brokerage fees will be paid—one to a selling broker and another to a buying broker. Very often it happens that the sale is made direct, and the brokers have no part in the transaction. They get their fees just the same.

If a Chicago man, owning an automobile made by a Buffalo firm maintaining an agency salesroom and shop in Chicago, sends his machine to the Buffalo plant for repairs without any conference with the Chicago agency, the Chicago agency will get its brokerage on the bill.

**Fee Splitting Firmly Established** These are all illustrations of fee splitting. The legal right of the broker to his fee, even when he had no direct right in the transaction, has been established by scores of court decisions. Let us say, then, that fee splitting is established both by custom and by law. This being true, is fee splitting among medical men established by law or by custom, and also, is it legal or moral, or both legal and moral?

Wisconsin has had an anti-fee splitting law for several years. As the old law proved unavailing, a new one has recently been placed on the statute books.

Among other states having laws against fee splitting are Ohio and Iowa. I do not know that the legality of any of these laws has been passed upon by a supreme court. That is probably due to the fact that no great effort has been made to enforce them. At the present time we can say that in some states fee splitting by medical men is illegal. In no state is it specifically legal.

**Societies Condemn It** The American College of Surgeons, the American Medical Association, and the various state and local medical societies have condemned fee splitting by formal vote. It is evident that fee splitting among medical men is not the custom, and that such of it as is done is condemned by medical organizations. It is practiced by only a small proportion of the operators, and they not of high standing. The proportion of family physicians who peddle their patients is even smaller still.

Should fee splitting among doctors be illegal and condemned, while among lawyers and business men it is approved by law, custom and public opinion? If so, why? Another question: Why is it discussed in this column?

Fee splitting among physicians should not be allowed to become the custom. Why? Because of the abuses to which it leads.

**How It Works** How is it worked? The answer to this question shows some of the possibilities for abuse. A man consults a physician. The physician examines him and tells him he needs an operation. The sick man asks who is to do the operation. If the fee splitter has an understanding with some one as to his commission, he suggests the man. The probability is that he will say to the patient, "I expect to be running into the city about that time. I will take you in." When they reach the city, they see the operator together. The patient may be told that the home doctor is to assist at the operation.

In the worst case of this group, the home doctor arranges the amount of the fee, collects it, and pays the operator, relieving the patient of all those details. In some, the operator tells about any payment to the physician who came with him. The physician does not assist at the operation. An operating room organization arranges that each assistant shall have his work cut out for him. Team work is a necessity. Each assistant must know how to anticipate the next move of the operator. As the next move of the operator, if an outside physician is allowed, if an operating floor he may be permitted to put on a gown and stand close by

but he must not touch any instrument. The statement that the physician is paid for assisting cannot be substantiated.

**Ask for Bids**

If the physician has not established connections with fee splitters and wishes to get a portion of the fee, he may tell his patient that he will find out who is the best man to operate on him. Meanwhile, he may write for bids. The physician as to which operators can safely be approached on the proposition of splitting a fee.

On the other side, operators in search of business sometimes send out letters in which proposals for fee splitting operators know to whom, among the non-operating physicians, it is safe to send such a proposal.

When a patient asks his physician to select an operator for him, he has a right to expect that the physician will give him the name of a thoroughly capable man. More than that, he should expect the name of an operator who suits the circumstances of his case best. If his physician is a fee splitter, what he gets is the name of the fee splitting operator with whom the physician has been able to make satisfactory terms.

Should the fee splitting family physician and ask to justify himself, the physician would explain that he was underpaid; that the operator was overpaid; and that he had right to a sufficient portion of the fee to even up. His answer might satisfy a person easily satisfied. Furthermore, he would claim that the operator selected was competent. To select any other would be bad business policy. This answer appears sound, and it, no doubt, would satisfy a person easily satisfied.

**A Partial Remedy** But let us dig a little deeper and see if the facts disclosed by the digging help the fee splitter. The immediate answer to the fee splitter is this: If fee splitting is a justifiable transaction, then let those who practice it come right out in the open. Let the physician concerned tell the patient that the fee is to be split, and the basis on which it is split.

Theoretically, this is a partial remedy, but, practically, it fails, because nobody will do it, or practically nobody. An open fee splitter confesses his incompetence. What happens under the present method? The very competent operators do not split fees. They know they are competent and they get, and will get the business which comes to them on a basis of merit. The operators who split fees are second and third grade operators. Therefore, a patient who is being disposed of by fee splitters, among fee splitters, may be certain that the best he can get is one of the best among the second or third grade men. He can be certain that he never has a chance to get the service of any high grade man, of any man good enough to get business on his merit alone.

The first evil, then, Mr. Patient, is that you get at best a second grade man, though you pay the price of first grade service. An operation is not a light matter. Operations are to be avoided where it is good judgment to avoid them. At best they are the lesser of evils. With the above statement in mind, what is your answer to the following questions: If physicians are bartering patients among fee splitters as a commercial transaction, will not unnecessary operations be the inevitable result? If a physician diagnoses an infected appendix and sends the patient to a fee splitter, is it not possible that the diagnosis will be confirmed, regardless of the condition found, and an operation done?

**To summarize:** Patient Not Given Fair Deal The results of fee splitting are several. The patient of the fee splitter pays more for the service than the operator in the case is accustomed to receiving. The fee collected for like service must satisfy two men, the operator and the attending physician as well as pay the expenses of the unnecessary attendance of the physician on the trip to town.

As a class, he is operated on by a man of little training and small experience, by a second rate man, un-

## TERMS UNFAVORABLE THINK THE GERMANS

BERLIN, wirelessly to Sayville, Oct. 1.—Leading Berlin financiers today expressed the opinion that the conditions of the new Anglo-French loan in America are very unfavorable to Europe and England, if press reports of these terms received through English sources are correct.

A portion of the press took the view that it was a strange kind of neutrality on the part of America that finances the sale of war material to Germany's enemies.

Anyway, whenever knew a man to marry a woman to reform her.
